

Tobogganing & Snowtubing

The list below features all our towns and villages, with the telephone number of local tourist offices also included. They will be more than happy to supply you with more detailed information on snow conditions, other winter sports opportunities in the area, and much more.

For most of the **toboggan runs**, the elevation of both the starting and finishing points is provided, along with the degree of difficulty and floodlighting that might be available (mostly until 10 p.m.). In addition, our **Happy Toboggan Runs** (happy tobogganing = sledding on inntertubes) that have been either especially designed, or cordoned off from other creation areas, are also listed.

Standard pricing for toboggan rental: euro 3 – euro 4.50.

Sledding on all toboggan runs is at sledders' own risk.

Information on so-called **Ziachschlitten** (rides on wooden sleds for ca. 10 people) is also included in this info sheet.

Abtenau

Toboggan run on the Karkogel: 3 km long, with floodlit – ideal for the whole family
